

## Enjoy a Right Royal Time

Royal cape catamarans, in conjunction with some of our customers are pleased to be able to offer fractional ownership and/or crewed charters.

Much of our time is spent assisting customers to identify or clarify their needs and to ensure that these are addressed in the best possible way. - blue water cruising, island hopping, fishing and/or diving ...

We strive to help you attain your dream - in a safe, reliable and cost effective way!

Underutilisation can become an issue for boat owners !

We have a programme for owners to place time on their yacht into a professionally managed pool, where the yacht will be cared for and operated by a suitably trained crew under our supervision. Crewed charters will generate income for the owners too.

The owners will also be able to exchange time in different locations..... presently, we are able to offer destinations in:

- the Mediterranean , where rich cultural diversity and history plus charming little harbours and anchorages offer many dietary delights.
- the Caribbean with its beautiful islands, consistently good trade winds, azure seas and welcoming communities
- Madagascar, Seychelles and Maldives where the sailing is superb and fishing / diving absolutely stunning.
- the Bahamas - with wonderful harbours and anchorages, great fishing / diving and cruising.

A charter brokerage company with links to Resort Condominiums International (RCI) will be able to offer owners and prospective owners:

- a variety of dream holiday options and
- provide assistance and advice with finance

### *A thought attributed to Mark Twain:*

*"Twenty years from now you will be more disappointed by the things you did not do than by the ones you did do...  
Sail away from the safe harbor. Catch the trade winds in your sails. Explore. Dream. Discover."*
