

Majestic
570

Royal Cape Catamaran's stylish new Majestic 570 features modern lines with an exciting, fresh new look. There are benefits to functionality, safety and performance. Increased freeboard, larger windows with more natural light and visibility. A longer waterline length enhances performance and increases buoyancy. The 570 also offers larger trampolines and more sail area.

The cockpit is a great alfresco dining area with ample seating, perfect for entertaining and relaxing. The skipper has good all round visibility and arm's length control from a well protected helm position. There are superb drop-side curtains offering protection from the elements. The cockpit can accommodate various appliances, such as the washer dryer and additional fridge/freezer.

The elegant interior of the Majestic 570 is also enhanced with more space, comfort and functionality in the salon, galley, cockpit and cabins. Customers have the choice of various interior finishes with Royal Cape Catamaran's impeccable craftsmanship. Layout options include 4, 5, or 6 superbly appointed staterooms with dry heads, separate showers and superior ventilation.

The Majestic 570 is extremely well equipped with top quality appliances, communication and navigation systems. Superior battery, water and fuel capacity, plus extendable solar panels are ideal for long range voyagers. The unique dive/fish/BBQ station is a popular feature and offers a large storage area for wet gear. The dive platform doubles as a tender lift.
